STAINLESS STEEL POT RACK

- **Design:** All welded, stainless steel construction. Three fully welded tubes plus a front "c" channel for added stability/strength. Can be secured to most any wall by means of bolts (hardware not included).
- **Versatility:** Three tubes can be used with or without pot rack stainless steel pot rack hooks. Each rack includes hooks 36" rack includes 4 hooks; 48" rack includes 6 hooks; 60" includes 8 hooks. Additional hooks can be purchased separately. Pot rack also features tabs on top of frame to add a Focus shelf for additional top storage.
- **Material:** Pot rack is constructed of 201 stainless steel. Pot rack hooks are constructed of 304 stainless steel wire.
- **Accessories:** Focus shelving in Chromate and Green Epoxy are available in 14" x 36", 14" x 48" and 14" x 60" lengths to convert the top of the pot rack into additional storage. Chromate Shelf caps can be used to fill shelf corner openings and plastic post caps can be used to plug the holes where the tubes are welded to the pot rack frame.
